Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. A well-articulated customer problem statement allows you to find the ideal solution.

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	An event attendee (student/professional) at a networking event.	Generate smart, context-aware conversation starters and break the ice.	I struggle to strike up conversations and find mutual topics.	Generating relevant starters in real-time requires fast event theme mapping.	Anxious, socially awkward, and isolated in crowds.
